MISS B ..., of I, sends us through our British Agents, Messre. F. NEWBERY & BONS, 27 and 28, Charterhouse Square, London, E. C., a strand of soft, glossy hair cut from her own head and measuring fifty-five inches in length, of which the annexed drawing is a plus-

tographic fac-simile. She attributes her magnificent head of hair to frequent shampoos with CUTICURA SOAP, followed by light dressings of Curicura gently rubbed into the scalp. Previous to the use of Currcuns, her hair was dry, thin, and lifeless, and came out in handfuls to such an extent that she feared she would lose soon it. . This is but one of many remarkable cases of the preservation and restoration of the hair in seemingly hopeless cases by warm shampoos with Curicuna Scar, followed by light dressings of Curicuna, purest of emollient akin cures. This treatment at once stops falling hair, clears the scalp of crusts, scales, and dandruff, soothes irritated, itching surfaces, stimulates the hair follicles, supplies the roots with energy and nourishment, and makes the hair grow on a clean, sweet, wholesome, healthy scalp, when all else fails.

MILLIONS OF WOMEN ase Cuticula Soar exclusively for preserving purifying, and beautifying the skin, for cleaning the scale of crusts, scales, and dandruff, and the stopping of falling hair, for softening, whitening, and soothing red, rough, and sere hands, and for all the purposes of the toilet, bath, and nursery.

Complete External and Internal Treatment for Every Humour,

Consisting of Curicinia Soar, to cleanse the skin of crusts and scales and soften the thickened cuticle, Curicuaa Charment, to Instantly allay Rolling, Inflammation, and Irrita. tion, and soothe and heal, and Curicura RESOLVENT, to cool and cleanse the blood. A Single Ser is often sufficient to cure the most torturing, disfiguring, and humiliating skin, sealp, and blood humours, with loss of hair, when all else fails. Sold throughout the world. Amusing Incident on Canton

A rather amusing incident is reported from the Canton River. The launches Nam Hing and Kong Soo (Chinese owned), left Hongkong on the evening of the 6th inst,, at 5.30, for Kum Chuk up the Canton River. The Kong Soo was rather heavily laden and, in order to facilitate ing. her passage up the river, deviated from the usual course to get into deeper water. The crow of the Nam Hing, which was in front, suspected that pirates were on hourd the Humphreys & Son, General Managers of launch following, and, without stopping to satisfy themselves on the point, commenced Olivers Freehold Mines, Limited, that they to blaze away with all the cannon and rifles at hand. The Kong Soo, strange to sny, had entertained a similar dread the Nam Hing, and responded vigorously, at the same time turning her head and steaming back in the direction of Hongkong. The Nam Hing followed in hot pursuit, and the firing continued till Hongkong Harbour was reached slightly wounded. about three o'clock next morning. The Police, hearing the firing, put off in one of their hunches, and intercepted the scared launches. The crews were surrounded by ammunition, and had a bewildered look. Explanations followed, in which there was a liberal flow of Chinese expletives, and the gestures at times were rather threatening, but the soothing influence of the limbs of the law soon made matters right, and, with daylight, the hunches resumed their journey, chastered in spirit if somewhat perturbed in mind.
